Dave Smith Union Representative for Local #162 and Dennis Maloney Union Representative for the County met with the Commission. Mr. Smith requested three things that should be straightened out. No. #1, the establishment of the Deputies in the various offices. No. #2, Seasonal help and No. #3, to request a labor management meeting every other month, two people from Local #162 to meet with the County Commissioners to discuss any problems they may have.

Commissioner Dinger offered the following resolution for its adoption:

RESOLUTION

Whereas, Senate Bill #193 was introduced into the 1978 legislature by Senators Peterson, Robert Hoffman and Jensen, and Representatives Cheney and Millett; and

Whereas, SDCL of 1967 Chapter 7-8-10 allows the Commissioners to be elected either by District or at large; and

Whereas, when the Brown County Commission was given the option to either have election by district or at large it was decided to be in the best interest of the County to have the Commissioners elected at large; and

Whereas, the present Commissioners also agree that election at large is in the best interest of the County

Therefore, be it resolved that the Brown County Commission asks that SB 193 be rejected and defeated by the 53rd Session of the South Dakota Legislature.

The petition contained 167 signatures and contained violations of the ordinance, State Law, and permit requirements governing Solid Waste, operation of Brown County have been observed by many concerned citizens.

Section IV of the Brown County Ordinance requires that all refuse or garbage be transported in Covered vehicles and that wood or lumber being transported must be broken up in lengths not more than four feet.

The South Dakota State Law requires that transportation of all Solid Waste shall be by means of vehicles which will not permit blowing refuse or leakage onto the roadway leading to the disposal site.

One of the five (5) conditions for renewal of the Brown County sanitary landfill permit was "That on-site and road litter be picked up on an as needed basis."

Section VIII of the Brown County Ordinance prohibits littering the collection site or any other sites in the county.

Anyone who has traveled along any of the roadways leading to the county refuse disposal sites is well aware these requirements are not being met. Litter is strewn along the roadways, around the collection stations, and the entire area for miles around the landfill site.

SOCIAL SECURITY REGULATIONS RESOLUTION:

Commissioner Rix offered the following Resolution for its adoption:

RESOLUTION

WHEREAS, on March 30, 1978, the Department of Health, Education, and Welfare published proposed regulations which would require more frequent deposits of Social Security contributions for all state and local government employees covered under section 218 of the Social Security Act, and

WHEREAS, the proposed change would very seriously damage the financial and administrative processes of local governments, which most of them are operating under budgeting restrictions now, due to limited sources of revenue while costs of operation are increasing, and

WHEREAS, with the high rate of personnel change-over, this would create an excessive burden on the payroll department because of the deadlines already created by Federal and State regulations, and

WHEREAS, the Social Security Administration has again resurfaced the change despite rep ed explanation, discussion, and protestation concerning the problems which are so totally unacceptable to States and their local governments,

79

NOW THEREFORE BE IT RESOLVED that the Board of County Commissioners of Brown County, South Dakota, do hereby pray for the defeat of the Department of Health, Education and Welfare's published proposed regulations which would require more frequent deposits of Social Security contributions for all state and local government employees, posted March 30, 1978.

Commissioner Dinger offered the following Resolution for its adoption:

RESOLUTION

WHEREAS, the Day County Board of County Commissioners acting in that capacity and in the capacity as the Day County Board of Equalization did appeal to the South Dakota State Board of Equalization the action of the Brown County Board of Equalization taken on July 5, 1978, wherein such Board by resolution did roll back agricultural land to the 1977 valuations which effectively eliminated the 9% directed by the Department of Revenue on agricultural land in Brown County; such appeal to the State Board of Equalization being made as provided in SDCL 10-11-47(1); such statute relating and pertaining where overlapping school districts exist and;

WHEREAS, the State Board of Equalization of the State of South Dakota having made Findings of Fact stating that agricultural land in Day County is substantially higher than comparable land in Brown County as a result of the action taken by Brown County as aforesaid and further failing to so set out in these Findings where such land is substantially higher in any overlapping school districts or as to how such determination was made by such State Board and;

WHEREAS, the said State Board similarly entered its Conclusions of Law to the affect that there is evidence to support Day County's contention that Day County agricultural property is assessed higher than similar property in Brown County but failing to cite such evidence or to show that such evidence merits a determination that Brown County acted contrary to law and;

WHEREAS, said State Board failed as required by law to take testimony and evidence at its hearing on this matter held on August 18, 1978, as to where the action of Brown County constituted detriment and resulted in inequality between the two counties and the agricultural land effected in the respective overlapping school districts and;

WHEREAS, the act of the State Board of Equalization constitutes an abuse of discretion and is arbitrary and capricious in that it results in a higher tax burden to agricultural land in Brown County in school districts that overlap with certain agricultural property in Day County and;

WHEREAS, the interests of the Brown County taxpayers affected are substantially impaired and prejudiced by this action which will result in lack of equalization rather than equality as purported by said State Board in its decision;

NOW, THEREFORE, BE IT RESOLVED that the interests of Brown County and its affected taxpayers would best be served by appealing the decision of the State Board of Equalization dated August 25, 1978 to the Circuit Court of the Fifth Judicial Circuit in and for the County of Brown, State of South Dakota, and such appeal is by this Resolution authorized and directed.

Commissioner Rix offered the following Resolution for its adoption:

RESOLUTION

WHEREAS, in 1967 a Findings and Order was filed in the matter of the Delinquency of Lynn Sihrer, and

WHEREAS, in the order one Lynn Sihrer was placed at Harmony Hill Parochial School, with the father, Elmer Sihrer, was ordered to pay an amount sufficient to defray all of the expenses for the care, custody, education of said child, Lynn Sihrer and for all clothing, medical and incidentals and other necessary support of said child while at Harmony Hill Parochial School, and

WHEREAS, if Elmer Sihrer, father of Lynn Sihrer failed to make such payments, that the Board of County Commissioners of Brown County, South Dakota, be and they are hereby ordered to make such payments, and

WHEREAS, Brown County Commissioners did make such payments, in the amount of \$1,429.15 to Harmony Hill Parochial School, of which the \$1,429.15 is now a Poor Relief Lien against the father, Elmer Sihrer for the care of said minor child while attending the school, and

WHEREAS, the Chairman of the Brown County Commissioners in 1974 did write to one, Gordon Hayes, Assistant Attorney General, concerning the lien for the care and schooling of Lynn Sihrer, and

WHEREAS, in the answer to the Chairman from Gordon Hayes, Assistant Attorney General, stated that if the above stated person had been placed in a charitable institution in South Dakota, and instead of a parochial school, the payment of the tuition would be in conflict with Section 16, Article 8, of the South Dakota Constitution. It would also appear that the payment of tuition by Brown County would be in conflict with this Constitutional Provision, and

WHEREAS, a letter from Jerald McNeary, States Attorney, dated November 17, 1978 to the Chairman of the County Commissioners, stated he did not believe the Judge had the authority to order Brown County to pay tuition to the parochial institution and also stated that room and board provided by Harmony Hill Parochial School amounted to \$850.00, and this should be a valid lien against Elmer Sihrer.

THEREFORE, BE IT RESOLVED, to accept the sum of \$850.00 from one Elmer Sihrer and compromise the balance of the lien, in the amount of \$579.15 as authorized, pursuant to Chapter 28-14-15 of the 1976 S.D.C.L.

AND, BE IT FURTHER RESOLVED, by the Board of County Commissioners to instruct the County Auditor to void the balance of the lien, in the amount of \$579.15, now held against Elmer Sihrer.

Burlene Berg - Brown County Auditor

June 28, 1979:

The Brown County Board of Equalization convened at 10:00 A.M. in the Commissioners Chambers, Courthouse Annex, Brown County, South Dakota. Chairman Janusz presiding. Present were Commissioners Rix, Olson, Schwan and Bergh.

Moved by Schwan, seconded by Bergh to approve the minutes of June 26, 1979. All members present voting aye. Motion carried.

Mr. Robert Campbell, Frederick, South Dakota; residence located on First Addition Lots 1 and 2, Block 14, to the Town of Frederick, South Dakota. Mr. Campbell appeared before the board to protest the County Boards intention to adjust his residence value back to the assessor's value of \$38,145.00, from the local boards value of \$36,500.00. Moved by Schwan, seconded by Rix to adjust the assessed valuation to \$38,145.00. All members present voting aye. Motion carried.

Earl Brunson, Aberdeen, South Dakota, ag land in the NE $\frac{1}{4}$ of Section 11, Township 123N., Range 65W., in Mercier Township. Mr. Brunson appeared before the board questioning the assessed valuation placed on his ag land. After discussion it was proved that Mr. Brunson's ag land valued at \$25,040.00 was a fair compareable value. The \$25,040.00 was the local boards assessed value that the county board agreed with. Mr. Brunson agreed to this value. No action needed by county board at this time.

Richard and Delores Jones, Groton, South Dakota, residence located on the First Addition, Lot 10 and the South 8' 4" of Lot 11, Block 34, in the Town of Groton, South Dakota. Mr. and Mrs. Jones appeared before the board to protest the county boards intention to adjust the assessed valuation back to the assessor's value of \$19,430.00. The local board had lowered value to \$15,125.00. Moved by Rix, seconded by Olson to adjust assessed valuation to \$15,125.00 on the residence. All members present voting aye. Motion carried.

Mr. Omer Nelson, Mayor of Groton, South Dakota and Mr. Charles Raap, Councilman for the Town of Groton appeared before the board representing the Town of Groton. Mr. Nelson acted as spokesman. Mr. Nelson asked the county board to consideration and some common sense in adjusting the values placed on properties in the city of Groton by the local board of equalization.

Rose Locke, Groton, South Dakota, Red Horse Inn, a commercial structure located on Young's Outlot #1 in the NE $\frac{1}{4}$ of Section 24, Township 123N., Range 61W., in the City of Groton. It was the judgement of the Board of Equalization at first that she hadn't appeared before the local board of equalization, so she had lost her right to appear before the County Board of Equalization. Some confusion arose at this point and the board then agreed to hear Mrs. Locke's complaint. Mrs. Locke was asked to come back in before the board by Brown County Auditor Bergh and Mrs. Locke refused. She then left the Commissioners waiting room.

Mrs. Merritt Johnson, Aberdeen, South Dakota, ag land in Portage, North Detroit, Greenfield, Lansing, Hecla and Liberty Townships. Mrs. Johnson appeared before the County Board concerning valuations placed on her ag land in said townships. Mrs. Johnson's main objection was the \$19.50 per acre increase placed on all ag land in Brown County. Mrs. Johnson feels this type of an across the board increase is unjust and unfair. Mrs. Johnson also questioned the County Board concerning the taxable percentage, she asked why the board could not or would not set two percentages - one for non-ag and a lower one for ag as it is done in other counties. Mrs. Johnson stated her NW $\frac{1}{4}$ of NW $\frac{1}{4}$ in Section 36, Township 127N., Range 60W., in North Detroit Township was assessed too high in comparison to similar properties. Original assessment was \$3500.00. Moved by Schwan, seconded by Rix to adjust the NW $\frac{1}{4}$ of Section 36, Township 127N., Range 60W., to \$2995.00 assessed valuation. All members present voting aye. Motion carried. Mrs. Johnson wishes to appeal the values on all of her ag land in Brown County and ask that it be forwarded to the State Board of Equalization.

Joseph Isakson, R. R. #5, Aberdeen, South Dakota, Lots in Lincoln Township, Lots 6 & 7, Block 2, Richmond Heights Subdivision in the E $\frac{1}{2}$ of Section 32, Township 124N., Range 64W. Mr. Isakson appeared before the board questioning the valuations placed on his lots. Lots were originally assessed at \$15,750.00 by assessor, review was made by Assessors Office prior to Mr. Isakson's appearance before the County Board and felt the value of \$15,750.00 was too high so value was

reduced to \$13,390.00. Motion by Bergh, seconded by Schwan to leave assessed valuation at \$13,390.00. All members present voting aye. Motion carried.

Moved by Rix, seconded by Janusz to recess until July 2, 1979. All members present voting aye. Motion carried.

The board did not concur with the lifting of his fee but expressed concern about the illegal dumping.

Dave Daberkow from Game, Fish and Parks met with the board to protest the Solid Waste category in which his department is placed, adding that it is seasonal and the garbage is minimal. The board did not concur with the change of Classification.

Wally Fisher, Groton, South Dakota, asked for a lower business classification on the basis that his barber shop does not create enough garbage to warrant the fee he is charged. The board did not concur with the request.

Al Roseth, representing Northwestern Public Service, met with the board to inform them that the Northwestern Public Service Old Power Plant will be phased out in 1979, as such and only a switch-board within a steel building, will be left at this site. As a result of the change, the board by motion moved the business from a class 10 to a class 7 and to abate \$105.00 of the 1979 solid waste fee assessed to Northwestern Public Service. Moved by Schwan, seconded by Bergh to reduce the classification of Northwestern Public Service from 10 to 7. All members present voting aye. Motion carried.

HEARINGS ON 1980 BUDGET:

Dan Rice, from "New Beginnings" appeared before the board to thank them and the County Auditor's Office for the fine cooperation he has enjoyed as director, the past year.

The Board added \$6,000.00 to the Weed Budget; decreased the Oahe Conservancy Sub-district Budget from \$70,861.00 to \$53,204.00; added \$575.00 to the Veterans Service Budget; and added \$50,000.00 to Courthouse and Building Facilities Budget.

THE REVENUE SHARING HEARING:

The Revenue Sharing estimated allocation was \$401,058 and the final allocation for the 11th Entitlement (dating October 1, 1979 through September 30, 1980) is \$360,543. This is a decrease of \$40,515 which had been included in the Provisional Budget allocations. Therefore the Brown County Fairgrounds Exposition Building Budget was reduced to \$5,743.00; \$1,500.00 budgeted for "Women's Place" (which was not included in the Provisional Budget), thus allocating the total amount of \$360,543 in Revenue Sharing Funds for the 11th Entitlement Period.

These are proposed changes that will be made in the 1980 budget.

Moved by Bergh, seconded by Janusz to recess until September 21, 1979. All members present voting aye. Motion carried.

Effective June 1, 1980, supervisory and monthly salaried employees of Brown County shall earn compensation when employees has clocked in more than 45 hours, excluding mandatory one hour lunch break, in any work week, and that such compensation time must be taken preferably in the same pay period, or in the same month, but no later than the month following the period in which such compensation time was earned.

BE IT FURTHER RESOLVED, that the Resolution of May 6, 1977, be nullified to the extent that the same relates to compensation time but that otherwise such Resolution as it applies to other areas of personnel administration within Brown County shall remain in full force and affect.
